

# Make A Difference

## Registration and Use

The system is both a PUSH and a PULL system. You can always search the entire North Texas region for service and donation opportunities (the PULL method), but you can also choose your most favorite/passionate ministries and request they immediately PUSH to you any needs they have. You keep complete control in both directions, using your dashboard to turn on and off the ministry notification system.

### Getting started

1. Go to: [christfellowshipeldorado.com/make-a-difference](http://christfellowshipeldorado.com/make-a-difference)
2. Click the Register button:

3. If this is your first time to visit, you'll then click on:  
"Don't have an account? [Register here!](#)"
3. As you register, please be sure that "**Christ Fellowship - Eldorado**" is in the Church/company line at top.
4. Fill in form and select "**click here to read terms and conditions**" check box.

Within four hours you will be approved as a Christ Fellowship member.  
*To speed up the process send an email to [rwright@christfellowshiphome.com](mailto:rwright@christfellowshiphome.com) and request Rafe to approve you.*

### Controlling your dashboard

1. Log in again. You will see you have your own personal dashboard.
2. You will see a hotlink on the left-hand side of your dashboard for adding **Christ Fellowship teams** (it's a drop down menu bar). Click on all of the teams you're a part of (then click "join" next to it).
3. You will also see a hotlink (drop-down tab) for connecting to organizations. **CLICK ON 3E MCKINNEY** in the drop down menu, as many of our community opportunities for service and goods will be posted through it.

Again allow up to four hours for approval.

## **Good to know**

If you click on any organization or add a team, you'll be notified via email anytime your preferred ministry posts a need (the PUSH method). The drop-down list of organizations and Christ Fellowship teams will be growing daily so check back often.

On your personal dashboard you can join any number of organizations to stay abreast of its volunteer opportunities and goods needed as they become available. You can also turn organizations "on" and "off" as you choose.

Your personal dashboard keeps a record of all your missional involvement and commitments. The system sends automated reminders for service opportunities 21 days, 7 days and 1 day out. These are prompts to remind you and to prompt you to update your status if you are no longer available to fulfill your pending commitment.

## **Important**

Each page has a light blue letter "i" in a circle. This is an information drop-down window that describes how to use that specific page and its functions. When the drop-down window opens look at the top bar and you will see a video option to watch how to use that page.

At the top, right of every page is a black circle which looks like a car odometer. One simple click will take you back to your personal homepage dashboard.

**For further assistance, email Rafe Wright at  
[rwright@christfellowshiphome.com](mailto:rwright@christfellowshiphome.com)**

**Thank you for being part of living out the mission for Christ!**
